Dear graduates,

The world has been affected by the Covid-19 pandemic, which made you and us face many challenges, especially in your final year at Aspire Academy. Thus, we were obliged to take a series of measures and adopt mechanisms following the state's policy in crises management. Therefore, suspending studies and training sessions in the academy and moving to remote training was an inevitable solution to keep you safe.

You have shown great responsibility through your hard work and perseverance in following your classes and training sessions. I have great confidence in you and your ability to continue this excellence in the future after graduation, to be an extension for the Academy in all aspects of the country and its artery nourishing Qatar 2030 vision.

I personally followed up your development over the years you have spent with us, whether in the classrooms, in Aspire Dome's halls and pitches, in the outdoor pitches, in the student's residence, in the library, in the science laboratories or even in external camps and participation with various national teams. I seize this opportunity to thank you for your commitment and dedication in performing your duties to the fullest.

You have filled our academy with many great memories, with your great passion for making academic and sporting achievements and showing a lot of sports and leadership skills and human values our leading academy has instilled in you. With this strong and authentic sense of community, you have demonstrated that you are on the right track to join our star graduates who preceded you.

My children!

Your parents are looking upon you, they are proud of you, and they wish a lot from you, be righteous to them with your work, manners, education and performance, and bear the trust in your souls and your future. Why not! Your success is their demand and your achievements are the source of their pride. So, make us and them proud. Aspire Academy has been and will be from you to you. It is the cradle and the strongest starting point, and we will continue to look forward and wait for your progress to share with you the joys of your achievements and move from top to top.

Finally, I wish you all the best and success in your next steps and moves to greater challenges to serve our dear country, and I recommend you keep believing in the values of our academy. I believe that it will help you to excel and be creative in all different fields.

Dear Aspire Academy Class of 2021,

Firstly, congratulations for celebrating today an amazing moment in your lives: graduating from Aspire Academy as the 14th batch, the largest batch ever so far in the history of our Academy. You have reached this important day in your long journey while courageously facing an unexpected global health crisis - the Coronavirus pandemic for the second academic year on end.

I sincerely hope you and your families are staying safe and in good health. On behalf of all of us at Aspire Academy, I would like to say that we are proud of you and your determination and perseverance to overcome and challenge the difficult moments dictated by this pandemic.

Your resilience and willpower to face such a difficult academic and sporting challenging season clearly reflect your strong character and focus. This special determination and will does not simply apply to how you have been able to complete your diploma, but even more about your ability to face difficult situations in life. I hope that the values we have tried to promote during your time at Aspire Academy will help you in your personal dreams.

Normally, all our graduates would have memories to keep from Aspire during the rest of their lives. But I am sure yours will be quite different in the sense of how these two years have impacted you and how you have resolved to overcome them.

We are confident that this challenge will prepare you in the very best way to believe in your strengths and understand the opportunities and challenges you will have to face in life in a deeper way. I know you will be prepared to pursue your goals and continue your life successfully.

I encourage you to make the most of what you have learnt through your contribution to the community and the people of the State of Qatar. Be proud of the work you have put in to achieve this special graduation moment and remember kindly those who have supported you to reach this important step. I very much hope that you stay connected with us in the years to come.

Congratulations once again and we wish you every success as you enter the next exciting stage of your life and career.

In the name of Allah, the most gracious and Merciful,

Praise be to Allah who taught with the pen and endowed man with mind and all the blessings, and peace be upon our prophet Muhammad, his family, companions, and those who followed them with philanthropy until the Day of Judgment.

I grasp this opportunity to congratulate you on my behalf and on behalf of my colleagues in the education department, and I congratulate you for your children passing this stage successfully, asking Almighty Allah to aid them achieve their aspirations and ambitions.

Whoever does not thank people does not thank Allah, so I would like to extend my sincere thanks to all Aspire Academy teams, who have greatly contributed to the success of this distinguished academic year, and I especially thank my colleagues, teams of the Education and Student Affairs department (ESA) who have spared no effort in order to provide support, provision and diligent follow-up to the student-athletes, so I say, may Allah benefit this nation with you and with your knowledge.

We faced some challenges along the way, so we struggled and came out stronger than before. Henry Ford wisely said: "Synergy is the beginning; keeping each other is progress and working together is success." When we look back at the past period, we see how all good stories begin. We have all reached a common goal - to encourage and develop on-going learning in young people - and now we see the fruitful results of this whole year in front of our eyes.

The effort expended throughout the year by our students and teachers is invaluable, they were determined to achieve success and were able to reach it in the most optimal way.

Last but not least, my sincere prayers to you, that you remain among those who are qualified for the righteous, meaningful, beneficial and influential citizenry that guarantees the wealth and power of this beloved country.

Jassem Al-Jaber
School Principal
Aspire Academy

In the name of Allah, the most gracious and Merciful,

Praise be to Allah, and may blessings and peace be upon prophet Mohammed.

Dear parents, colleagues, and graduates,

I am honored to extend, on my own behalf and on behalf of the school administration, congratulations to all student-athletes and their families on the occasion of graduation and the start of a new phase in their life journey, I would like to return the credit to whom it is deserved, so I would like to thank my fellow teachers for their appreciated efforts in caring for our student-athletes, with all professionalism and parental feelings, and for everyone who contributed any effort to making this success.

Our students today are the youth of tomorrow, and the future of this nation and will only rise with the useful knowledge they receive in schools whose slogan is sincerity and commitment to the highest standards of quality in education and student care.

We, at Aspire Academy, raise the slogan of pioneering and excellence in the education of student-athletes and our mission is focused on developing the capabilities of the student-athletes academically in cooperation with community partners (family, sports federations, educational institutions and society) to build leadership character that distinguishes the graduates of Aspire Academy from others. Aspire Academy graduates a generation of educated athletes capable of making a big positive difference in their future, and the people around them, and today, we celebrate the emergence of this generation into the society in this special way.

With all the pride I say, Aspire Academy has succeeded, through successive batches of graduates, in providing the sports movement, higher education institutions, and the labor market with young people with a high level of responsibility and commitment, because after Allah's grace, we had the reasons for success and distinction, so we succeeded.

Since its establishment, Aspire Academy has been and still believes in partnership with parents and the local community, and the value of this partnership has been evidenced during the recent period and the distance learning stage, where we needed and got parents' support to meet the big challenges faced. The success of the mission, and the constant communication of parents with the school administration was an important factor in the students' commitment, diligence and positive behavior, so thank you so much dear parents and we hope that you will continue this constructive communication for the good and in the interest of our student-athletes.

May Allah grant everyone what he loves and gratifies, and may peace, mercy and blessings be upon you.

I am proud of my achievements during my time at Aspire, especially after joining Qatar's youth team and qualifying for the 2020 ASIAN Cup finals. After graduating from the Academy, I will complete my university studies, along with my football career to become a professional player. I advise all the colleagues to abide by the rules and instructions of the coaches. My thanks to my family, to all the teachers, officials and everyone in this great place.

Coaches' Note

First and foremost, congratulations! Yet another example of your hard work and perseverance. Always be searching for new limits, don't get comfortable, and keep leading.

Teachers' Note

Yousef is a very polite and hardworking student who can prove himself and reach what he aspires to. Regards to him.

Aspire Academy has taught me many things, such as responsibility, discipline and the value of time. It has allowed me to train and travel to different countries for sports competitions. There, I learned a lot of values and habits that developed my character. The school helped me in learning life skills and experiences away from the curriculum. We are really proud of our teachers at Aspire. We have won many tournaments at the sports level, as we won many championships inside and outside Qatar, and we have learned from sports camps different styles of modern football in many countries. I would like to thank my family and all teachers, administrators and coaches for their efforts.

Coaches' Note

Effort and enjoyment can go together on the road, the joy of play in your process will allow you to grow day by day. Keep on the road and it is good that you are open to new ways of learning.

Teachers' Note

Youssef is a friendly and respectful member of the group. He usually follows classroom routines and instructions independently and often puts forth a good effort.
